

The DK logo, consisting of the letters 'DK' inside a square frame with a book icon at the top.A vibrant, collage-style illustration for a book cover. At the center is a glowing globe of Earth, surrounded by a thick, colorful ring of orange and yellow light with sparkling particles. Various animals are depicted in their natural habitats: a herd of elephants in a savanna at the top; several birds in flight, including a large white seabird with a red beak and a hummingbird; monarch butterflies on the right; polar bears on an ice floe on the left; a tiger in the bottom right; and a whale in the bottom left. The background is a mix of blue sky, white clouds, and natural terrain.

Amazing Animal Journeys

The most incredible migrations
in the natural world
