**ACKNOWLEDGEMENT**

The researchers would like to express their heartfelt gratitude and of appreciation to the following persons who had helped them accomplished without the presence of these people who one way or another rendered their valuable time and effort in preparation and finalization of the study.

Dr. Elvira Delgado, the researchers' practical research teacher, for her dynamic suggestions and criticism on improving the research papers, and for her untiring assistance, support and valuable efforts which inspired the researchers to meet the deadlines.

Mrs. Maria Paz Eclavia, class adviser for her continuous support and motivation. Her never ending encouragement to the researchers has contributed a lot in the realization of the study.

The JBLFMU-Molo, faculty and staff, for their willingness to strengthen the research program of the school through encouragement and guidance they offer to the researchers which made this study possible.

Nagnal, AlliahGuen H., Oribe, Chris J C., Paderes, Brandon A., Paredes, Michael Norwin B., **"Influence of Social Media on the Academic Achievements of the Students in JBLFMU-Molo"**. an Undergraduate Research Paper. John B. Lacson Foundation Maritime University-Molo, Inc., August 2018.

**ABSTRACT**

This research is a descriptive survey conducted in August 2018. It primarily determined the levels of agreement of JBLFMU-Molo senior high school students towards social media, and its influence on the students' academic achievement, considering the variables as age, sex, residence, family income and General Weighted Average (GWA). The respondents were 100 Grade 11 and 12 senior high school students in JBLFMU-Molo selected by random sampling. Data were obtained through survey questionnaire, measuring the behavior, attitudes, preferences and opinions of the respondents. T-test and Analysis of Variance (ANOVA) were used to analyze the data. It was found out that there are significant difference existed on every variable. Social media have both negative and positive influence to the academic life of the students. When social media use in doing assignments it has improved the academic life of the students. If social media use in online games and socializing but not in the school works then it has a negative influence and it has distract them from the studies.
