C & E Publishing, Inc.
2013

Table of Contents

Preface.....	ix
CHAPTER 1: Basic Mathematical Concepts.....	1
Lesson 1.1 Points, Lines, and Planes	3
Lesson 1.2 Angles Between Lines and Planes	15
Lesson 1.3 Classifying Polygons.....	27
CHAPTER 2: Perimeter, Circumference and Areas of Different Plane Figures	39
Lesson 2.1 Polygons	40
Lesson 2.2 Triangles.....	49
Lesson 2.3 Quadrilaterals	61
Lesson 2.4 Circles.....	71
Lesson 2.5 Irregular figures	81
CHAPTER 3: Prisms and Cylinders.....	89
Lesson 3.1 Polyhedrons.....	90
Lesson 3.2 Prisms.....	94
Lesson 3.3 Cylinders.....	107
CHAPTER 4: Pyramids and Cones	117
Lesson 4.1 Pyramids.....	118
Lesson 4.2 Cones	129
Lesson 4.3 Similar solids.....	141
Lesson 4.4 Inscribed and circumscribed solids.....	151

CHAPTER 5: Frustums, Prismatoids, and Truncated Solids	157
Lesson 5.1 Frustum of a regular pyramid.....	158
Lesson 5.2 Frustum of a right circular cone.....	171
Lesson 5.3 Prismatoids, truncated prisms and cylinders	181
 CHAPTER 6: Spheres	 193
Lesson 6.1 Spheres	194
Lesson 6.2 Zone, segment, lune, and wedge of a sphere.....	203
Lesson 6.3 Spherical sector	213
 References.....	 216
