*Abstract*

This study aimed to determine the Proper Budgeting of Student Allowance. The respondents of this study were from John B. Lacson Foundation Maritime University, there were thirty (30) students from Senior High School who ages from 16-18 years became a part of the data collection of this research using the Random Sampling method for this research. The studies revealed that the participants are having the difficulty of budgeting their allowances but at the same time there are satisfied with it.

## **Acknowledgement**

We would like to thank Dr. Elvira Delgado for guiding us on research, exerting her time just to guide and give us knowledge. We want to thank her for checking our research, for giving us advices for our research, without her our research wouldn't be successfully finished it.

We would like to thank you our respondents from John B. Lacson Foundation Maritime University for participating and answered our questionnaire, without them we could finished our research.

We want also to thank you our parents who helped us in our financial needs for the research. Thank you for the support and time during the preparation for this research project, also for our friends who shared their thoughts and gave us knowledge.

Lastly, we want to thank our Almighty Father for the wisdom and knowledge throughout this research, guiding and helping us for this project.
