Abstract

This study aimed at determining the impact of the New Iloilo Airport to the people of Cabatuan. The study likewise aimed at ascertaining the changes and development brought by the airport to Cabatuan. The effects of the airport to the municipality of Cabatuan in general and its effects to the people of Cabatuan in particular were also ascertained. The participants of this study were chosen through convenience sampling procedure. Qualitative method was used in this study. The results of the study revealed that the New Iloilo Airport had both positive and negative impacts on the lives of the people of Cabatuan.
